Order of using prices

* The rate for take-off/landing is set up from 1 ton of the aircraft's maximum take of weight (MTOW). The MTOW is rounded upward to whole number in tons.
* The rate for ramp is set up for 24-hour period in per cent from take off/landing charge in daytime. The charge is collected from fixed rate for every 24-hour ramp of the aircraft or for the part of day. The charge isn't taken if ramp is less than 3 hours.
* Security charge is set up for 1 ton of aircraft's MTOW. The MTOW is rounded upward to whole number in tons.
* The rate for using air terminal is set up from 1 passenger (arriving, departing, transit, direct transit). The charge is collected from fixed rate for total amount of passengers. The charge for using of air terminal isn't taken for passengers of non-commercial flights and children under the age of 2 years.

1.The charge for aircraft services is collected at duty rates and prices valid on the date of aircraft departure from the airport.

2. When selling services provided by the airport taxing VAT is made at 0% rate on arrival/departure of the aircraft performing an international flight.

3. When selling services provided by the airport taxing VAT is made at 22% rate on arrival/departure of the aircraft performing a domestic flight.

4.1. When providing services of air terminal on arrival/departure of aircrafts having international and domestic areas at one flight and landing in the airport VAT taxing is made at 0 percent rate in the international flight area and 22 percents in the domestic flight area.

4.2. When providing services for taking-off/landing, aircraft taxiing and parking, security services, aircraft ground-handling, passenger, aircraft crew, baggage, cargo and post handling VAT taxing is made at 0 percent rate if departure from airport is made in international direction and VAT taxing is made at 22 percent rate if departure from airport is made in domestic direction.
